

Chimacum School District

Wants to Hear From You!

Chimacum School District's Long Range Planning Committee has been working to refine and update the district's facilities plan to ensure projects meet our current and future needs. As a part of this planning process, I would like to invite you to please contribute your thoughts about our school.

We have teamed with a company named Thoughtexchange to assist us in getting input from our entire community about our facility needs.

On behalf of the students we serve, thank you for taking the time to help us with our communication effort. We believe that through communication, our schools, our community, and especially our students' benefit. We hope through this process that we are able to foster a collaborative effort between parents, community members, and our district that focuses on district and school improvement.

THERE ARE **3 STEPS** THAT YOU WILL BE INVITED TO PARTICIPATE IN:

1

SHARE

Where you **answer** 2 or 3 open ended questions.

2

STAR

Where you **review** ideas from others and put stars next to the ideas you like best.

3

DISCOVER

Where everyone **learns** what was important.

Please use this link to participate in this process
